

## The Order of Australia Association

### **COVID-19 & SUSPENSION OF OAA ACTIVITY**

**Dear Member**

**The well-being of our members must be our paramount concern at this difficult time. It is therefore with great regret that your National Board has decided that we should suspend, with immediate effect, all face-to-face activities of our Association.**

**It is recognised that there are many planned activities in Branches and Regional Groups that will have to be cancelled, including meetings and the very important welcome to new recipients.**

**Your Board will continue to monitor the situation, but it would be premature to set a date at which our face-to-face activities can resume. We will keep you informed in this regard.**

**Immediate tasks are to ensure that we continue to engage members in our activities and to attract new recipients to join us. Your Branch and Regional Group committees will be developing plans in this regard.**

**With the 2020 National Conference now postponed alternative arrangements will be required for our Annual General Meeting. We will advise you separately of the way in which this meeting is to be conducted**

**Please contact your Branch or Regional Group for more information.**

**Barry Nunn AO  
National Chairman  
20 March 2020**
