Morning Tea and Tour of Historic Hanworth House

East Brisbane

Pictorial Highlights

SYNOPSIS OF THE VISIT

One of the oldest and most iconic properties in inner Brisbane, Queensland Branch members of OAA were taken on a special journey hosted by Marisa Vecchio AM, the House's current owner, following Hanworth's rich history from its origins and owners throughout the years, to its restoration after an arson attack and current provision of a beautiful variety of accommodation options as well as a venue to some of Brisbane's finest events. Hanworth House has been home to the original portmaster of Brisbane, and a hospice, but always a residence with heart, benefitting those who lived there and the community for 155 years.
