SA BRANCH NEWSLETTER, June 2022

At the end of April and in the first week of May, Committee members represented the Association at investiture ceremonies at Government House for this year's Australia Day Honours List recipients.

We then acknowledged these recipients at our New Recipients' Reception on Monday 9 May, held at the Payneham Library through the generous support of the City of Norwood, Payneham and St Peters.

Coming up we have one of our key events for the year, our Queen's Birthday Lunch at the Arkaba Hotel. At the end of this newsletter, you will find a Reply Form – there are still some spaces available, so if you would like to attend, please return the Reply Form urgently. Professor Robert Saint AM will be talking to us on the topic, "Brave Minds – Research at Flinders University".

Please also note our ongoing Fellowship luncheon meetings at the Naval, Military and Air Force Club in Adelaide with interesting guest speakers – these are held every two months. The next is scheduled for Thursday 30 June, with guest speaker Professor Tony Phillips AM – "Some common eye conditions, current modes of treatment and memorable events from a medical career".

Looking further ahead, Mr Trevor Powell OAM will be addressing the fellowship luncheon meeting on Thursday 25 August on the topic, "Shipping in South Australia (a contemporary overview of the ports and shipping movements)".

Later in the year, we are looking forward to a McLaren Vale Winery Tour with hire buses, wine tasting and lunch – at this stage, we are planning to hold this event on Saturday 17 September.

I hope to see you at some of our events.

FELLOWSHIP PROGRAM 2022

FELLOWSHIP LUNCHEON MEETING

Thursday 30 June 2022

The guest speaker for our June honours recipients fellowship luncheon will be Associate Professor Tony Phillips AM, Head of Contact Lens teaching at Flinders University.

Professor Phillips was appointed a Member of the Order of Australia in the General Division in the 2021 Queen's Birthday Honours List, *"For significant service to optometry, and to professional optical societies"*.

Professor Phillips will be discussing some of the common eye conditions that we are most likely to suffer from, and current modes of treatment. Concerned that his talk might get too serious, he has promised to also present some of the funny events and stories that have happened to him over his long career.

Tony came to Adelaide in 1982 to be part of a team at Sola Optical developing the world's first disposable contact lens. He was Principal Optometrist in the Medical Contact Lens Unit at Flinders Medical Centre from 1982, and Optometrist in the Infant and Baby Contact Lens Unit at the Adelaide Women and Children's Hospital from 1994.

He has moved between academia, hospital work and private practice, and is author of more than 50 scientific papers.

In 1992 he was fortunate enough to be awarded a Churchill Fellowship to study the use of contacts in babies and young children. In particular, he was looking at working with a team involved in the removal of cataracts from newborns – they cannot have the normal implants that adults are given, nor is it even possible to make spectacles at the power required. The clinic that was subsequently set up at The Women's and Children's is still the only hospital in the country dedicated to such work. Prior to this most of these children simply went to Blind School.

Professor Phillips subsequently spent 18 years on the SA Churchill Fellows Committee, becoming President in 1992-94. He was made a Life Member of the Churchill Fellows Association of Australia in 2010.

He also served as State and National President of the Cornea and Contact Lens Society of Australia, and is an Inaugural Fellow and Honorary Life Member.

Associate Professor Tony Phillips AM with his wife Sue and sons at Government House Adelaide following his investiture in 2021.

Jubilee Medals

A Brief History, Part 9

The Australian Government has announced that it will be celebrating the Platinum Jubilee of Queen Elizabeth II through the release of commemorative stamps and coins, lighting the Queen's Platinum Jubilee Beacon in Canberra and illuminating monuments around the nation. In June, Lake Burley Griffin's Aspen Island will be renamed "Queen Elizabeth II Island".

The Australian Government's official Platinum Jubilee Emblem includes a representation of the golden wattle spray brooch worn by Her Majesty on her previous visits to Australia, which was gifted to the Queen during her first visit in 1954.

The Journal of the Orders and Medals Research Society is distinguished by having a different medal ribbon running down the front cover for each year's four issues. During 2022 the journal is displaying the ribbon of the Queen Elizabeth II Platinum Jubilee Medal.

This card was sent by the Queen as a personal acknowledgment to those who sent greetings for Her Majesty's Platinum Jubilee.
